KITTY LANGAN Studio

#PURRFECTION

What it will mean to us as a studio to have your support:

Kitty Langan Studio is a local singing & dancing organisation dedicated to introducing local children to the world of showbiz. We are always working towards planning performance events both locally & internationally. We depend entirely parent funding currently. However, if we were fortunate enough to gain a; corporate and or private sponsorship, for financial support in order to raise money for transportation, costumes & fees etc for all competitions and showcases this could open up a whole new range of opportunities for local budding talent. We have not yet been fortunate in previous years to have the support from any organisations and there are plenty of children who quite often go without.

We are hopeful that this year will be different.

KITTY LANGAN STUDIO | 12 MONTH SPONSORSHIP OPTIONS

STUDIO £500 + VAT

- Features on all of our social media platforms

How It Will Help Us:

If you were to sponsor the students at the studio we would:

- Offer extra classes for underprivileged students and enable them gain access to the same training as students who are more fortunate
- Allow us to access the latest equipment to enhance each students learning journey
- Fund and provide uniform for those who are less able to fund their own equipment
- Allow us as teachers to undergo further training to provide the best and latest quality education to all of our students

Where it all began:

Katie launched the Kitty Langan Studio in Greenmeadow, Swindon in January 2011. Borne from a desire to give Swindon talent the national recognition it deserves, the school will take on any student from the age of 6 months upwards. Katie's diverse and exciting career has taken her from winning 'Swindon's Pop Idol' at the age of 13, to centre stage performances such as Aladdin's Genie, Charlie and the Chocolate Factory's Veruca Salt, Chicago's Velma Kelly, Marilyn Monroe and much more. Working with performers young and old, Katie is no stranger to rehearsing, choreographing and performing in high profile productions – with an enviable drive and determination to make anything and everything work. Having taken part in competitions and showcases both locally and nationally with the budding talent at KLS, Katie is passionate about bringing the same excitement of her experiences to all of the students at the Kitty Langan Studio.
