

What it will mean to us as a studio to have your support:

Kitty Langan Studio is a local singing & dancing organisation dedicated to introducing local children to the world of showbiz. We are always working towards planning performance events both locally & internationally. We depend entirely parent funding currently. However, if we were fortunate enough to gain a; corporate and or private sponsorship, for financial support in order to raise money for transportation, costumes & fees etc for all competitions and showcases this could open up a whole new range of opportunities for local budding talent. We have not yet been fortunate in previous years to have the support from any organisations and there are plenty of children who quite often go without.

We are hopeful that this year will be different.

KITTY LANGAN STUDIO | 12 MONTH SPONSORSHIP OPTIONS

- Mailshot advert of your choice through our database
- Features on our social media platforms – **overall following of 2K+**
- Rehearsal collaboration opportunity to create social media content
- Full video or photo feature on our website collaborating your involvement with the event

How It Will Help Us:

If you were to sponsor a West End performance it would:

- Purchase top quality costumes for all students included.
- Purchase and provide and props to enhance our performance and give students the opportunity to gain a real outlook on how the professional industry looks and works.
- Provide transportation to all of our performers and staff to the London theatre
- Provide t-shirts & water bottles for all performers, featuring your company's logo.
- Cover all of our rehearsal costs so students can take part in the event and merely just pay for tickets to watch the performance but nothing else – thus meaning more families will be in a better financial position to take part.

Where it all began:

Katie launched the Kitty Langan Studio in Greenmeadow, Swindon in January 2011. Borne from a desire to give Swindon talent the national recognition it deserves, the school will take on any student from the age of 6 months upwards. Katie's diverse and exciting career has taken her from winning 'Swindon's Pop Idol' at the age of 13, to centre stage performances such as Aladdin's Genie, Charlie and the Chocolate Factory's Veruca Salt, Chicago's Velma Kelly, Marilyn Monroe and much more. Working with performers young and old, Katie is no stranger to rehearsing, choreographing and performing in high profile productions – with an enviable drive and determination to make anything and everything work. Having taken part in competitions and showcases both locally and nationally with the budding talent at KLS, Katie is passionate about bringing the same excitement of her experiences to all of the students at the Kitty Langan Studio.
